## Central America and Caribbean :: Saint Lucia

---

blue, with a gold isosceles triangle below a black arrowhead; the upper edges of the arrowhead have a white border; the blue color represents the sky and sea, gold stands for sunshine and prosperity, and white and black the racial composition of the island (with the latter being dominant); the two major triangles invoke the twin Pitons (Gros Piton and Petit Piton), cone-shaped volcanic plugs that are a symbol of the island
